

Peer 1 Returns as Title Sponsor For Massive 2007

Vancouver, BC, 11th July, 2006: PEER 1 Network Enterprises, Inc (TSX-V:PIX), a long-time supporter of the Massive Technology Show, has signed on as title sponsor for its third consecutive year. Recently ranked the #4 Fastest Growing Company in Canada and #1 in BC by Profit Magazine, PEER 1, has again teamed with the Massive Technology Show. A Vancouver success story, the company is committed to fostering Vancouver's burgeoning technology community. As in previous years, PEER 1 will be hosting the "PEER 1 Pipeline" which will showcase their clients' unique products and services on the tradeshow floor.

"We have been with Massive since the beginning," said PEER 1's MarCom Director Rajan Sodhi. "This is primarily because we believe that Massive provides important opportunities for growth, learning and innovation to the local technology community. We are proud to continue this relationship."

"We are excited to have PEER 1 on board again this year," said Lindsay Smith, President of Massive Events Co. and Executive Producer of the Massive Technology Show. "The PEER 1 team is committed to supporting the technology community, and we at Massive are looking forward to working with them to make the 2007 show better than ever." The Massive Technology Show consistently attracts over 4000 attendees and boasts a roster of recognizable sponsors and world-class speakers at the one-day tradeshow and conference. It is estimated that the upcoming show in 2007 will feature over 200 exhibits, a more than 20% increase from 2006's exhibitor list. The exhibits, as well as a full schedule of speaking events and demonstrations throughout the day, will be housed this coming year in the exhibit halls of Canada Place.

Massive 2007 will be held at the Vancouver Convention and Exhibition Centre on March 28, 2007. Scheduling, sponsorship information, and registration are currently available online at www.massivetechshow.com.

About PEER 1 (www.peer1.com): PEER 1 delivers Internet infrastructure solutions that ensure customers' online presence is available 100% of the time. From Internet network and co-location to dedicated hosting, PEER 1 has a solution to meet the online needs of companies of all sizes. Since its inception in Vancouver BC in 1999, the company has grown to include data centers and network points of presence in 16 major cities across North America and Europe, all connected by PEER 1's world class Internet network. PEER 1 serves a variety of customers including hosting providers, online gaming companies, Internet phone (VoIP) companies and many small- and medium-sized businesses. The stock is traded on the TSX Venture exchange under the symbol PIX.
